NEW YORK STATE
ASSOCIATION OF RETIRED SCHOOL SUPERINTENDENTS (NYSARSS)

The New York State Association of Retired School Superintendents (NYSARSS) is a social and advocacy organization of retired professional school superintendents in New York State. The NYSARSS provides its members with collegial support, and social and travel opportunities, while advocating for public education and retired superintendents. We gather for the enjoyment of each others company, the recognition of our public service to children and the State, and the common bonds inherent in having shared the position of Superintendent of Schools.
