General Strategies:

- Solicit cost-savings suggestions from district staff members as well as from the community
- Saving are where you find them, look all the time
- Sometimes you have to overcome the culture and politics to get to the savings
- ❖ Let the staff and community know you are working on cost control strategies list savings in your monthly board meeting Financial Reports

Ad	Administration	
	Administrative assistants perform duties of vice principals	
	Assign administrative duties to clerical staff	
	Replace departmental chairpersons with teacher coordinators	
	Principals serve two schools	
Atl	hletics & Student Organizations	
	Increase length of time before uniforms are replaced	
	Volunteers work gates at athletic events	
	Student extracurricular programs are self-supporting	
	Student extracurricular organizations pay for chaperones, postage, etc.	
	Limit free admission passes to individuals performing required or voluntary function	
	Discontinue providing athletic equipment that participants normally own	
	In-house laundry	
	Athletic boosters pay sports insurance, use of facilities, etc.	
Bio	lding and Purchasing	
	Train all new employees to the purchasing/procurement process	
	Use your Claims Auditor to monitor and control the purchasing process	
	Use you Internal Auditor to identify cost savings	
	Audit services	
	Integrated pest management services	
	Chemical disposal services	
	Photographic services	
	Yearbook	
	Copiers awarded on total costs of ownership over 3 years	
	Bid transportation contracts	
	Bid travel services	
	Bid banking services	
	Athletic conditioning	
	Bid rather than use state contract pricing	
	Natural gas consortium

	Staff development services
	Special education services
	Special education transportation
	Intranet
	Budget presentations
	Orientation of new employees process
Bu	adgeting
	Zero based budgeting-annual review/justification of positions/programs
	Site-based budgeting promotes cost consciousness, allows allocation
	I advance of budgeting identify and prioritize where cuts will come – let community/board know what's at stake
Co	ontracted Services
	Analyze district-operated vs. contracted transportation services
	Contract supervision of custodial and maintenance functions
	Contracting driver's education
	Contract nursing services
	Contract food service operations
	Tax collection
	Pilot outsourcing of custodial/maintenance services in one building
	Substitute calling services
	Educational consultants rather than permanent staff
	Snow removal services
Co	ppying
	Reduce information copies
	Reduce public copies for board meetings
	One copy per family where multiple children
	Duplex copying
	Contracted full service copying, with courier
	Centralized copying
	Online forms
	Document sharing
	Reduce duplicate file keeping
	Online high school course selection
	Records retention schedule
	Online job applications
	Reduce unnecessary approvals required on forms
	Electronic document archiving
	Document control to avoid confusion on most current version
	Review necessity of multiple part forms
	Review necessity of reports
	Review necessity of informational copies

Custodial

Workload analysis-custodians

Overtime-custodial

District staff rather than contractors for carpet cleaning

Develop performance standards for custodial/maintenance and transportation staff

Reallocate excess custodial positions

Formal qualitative inspections of custodial work

Hire custodial supervisor

Schedule custodial coverage to allow evening and weekend coverage

Use custodial teams for cleaning in the evening and summer

Debt Service

Explore refinancing of outstanding serial bonds. Caveat: the Comptroller looks for a "Net Present Value Savings" of at least 2% to approve a refinancing. Your bond counsel can calculate this information for you to let you know if this is a possibility.

Refinance debt

Minimize fees paid for bond issues-True Interest Cost comparisons

Finance construction with long-term note rather than bonds with higher costs of issuance

Variable rate debt-percentage of the portfolio

Arbitrage rebate liability calculation methodologies

Do	onations—Educational Foundations
	Solicit equipment donations
	Establish "Adopt a School" program for business
	Alumni donations
	Musical instruments
	Publish wish list to solicit community donations
	Corporate sponsorship of field trips
Er	nployee Benefits
	Early retirement incentives, not bonus
	Payment in-lieu of benefits option for employees with coverage under another plan
	Monitor accuracy of district health benefits census data
	Flexible Benefits Salary Conversion plan
	Life insurance consortium
	Self insure workers compensation insurance
	Alternative position placement/light duty assignments for worker's compensation
	Workers compensation-required physicians list
	Analyze and address teacher absenteeism
	Develop policies to prevent sick leave abuse
	Workers compensation direct from insurance company, no broker
	Section 125 program
	Reduce benefits eligibility for part-time employees
	Workers Compensation premium reduction due to safety committee

	Analyze accidents for patterns of place, cause, time of day, type
	Self-funded program with reinsurance
	Premium share
	Managed care program
	Increase premium share for dependants discourages duplicate coverage
	Post-retirement healthcare benefit eligibility, more years service required
	Preferred Provider Organizations
	Wellness program
	Dental insurance consortium
	Premium reduction for employees meeting 14 health indicators
	Buy-out plan for employees with access to another health plan
	Cash payments in lieu of health insurance benefits
	Increase deductibles
	Two tier eligibility 2
En	nergy
	Join with other districts/BOCESs in an Energy Consortium
	Limit energy costs.
	Energy Performance Contracts
	Button-up the Building Day
	Lights Out Fridays
	Qualify for and file for Energy Star status.
	Use of green energy: Although the return from your original construction cost and price of equipment
	may be long term with building aid to offset the initial impact, you can reduce your electrical costs.
	Turn off parking lot lights and if possible switch out fixtures to L.E.D. units. Monitor power usage to determine power peaks and adjust equipment operation to reduce those
Ш	peaks.
	Green school construction
	Lighting replacement
	Limit electrical demand component of electrical bills
	Interruptible natural gas rates
	Guaranteed energy savings program
	Energy purchasing consortium
	Electric rates negotiated per electric deregulation potential 4
	Monitor fuel purchases for district vehicles
	Fuel district vehicles at low bid fuel stations if cheaper than district tank
	Solicit competitive electricity rates
	Upgrade lighting fixtures
	Energy savings shared with schools (40% of savings)
	Temperature setbacks-30 minutes before/after school
	Energy management system-daily monitoring of use
	Schools compete for maximum energy savings
	Energy audits
	Thermostats locked at 68 degrees for heat, 78 degrees for air conditioning
	Work four 10 hour days in summer, shutdown air conditioning
\Box	work four to hour days in summer, shudown all conditioning

	Use regular gasoline for district vehicles
	Tanker load purchasing of district gasoline
	Turn off outside lighting at night
	Install cogeneration systems
	Reduce fresh air ventilation after school hours
	Consolidate evening programs into fewer nights
	Consolidate evening and weekend programs into several schools
	Close schools completely during Christmas vacation and January
	Extend Christmas vacation one week
	Start school later in winter-after 10 a.m.
	Increase energy awareness
	Fire art kilns at times other than peak demand periods with full loads
	Preheat ovens for minimal time necessary
	Separate lighting circuits to take advantage of natural light
	Custodians light and heat only working areas after hours
	Replace incandescent lights with fluorescent lights
	Reduce corridor lighting
	Install hot water heaters near use
	Preventative maintenance to prolong equipment life
	Repair leaking hot water faucets
	Check refrigerator and freezer gaskets
	Collect all direct costs when outside groups use schools
	Storm windows
	Time bidding for best seasonal pricing-energy
	Turn off lights campaign
	Cogeneration of power
	Electrical demand limiting by load shedding controls
	Electrical demand limiting by employee training
	Timers for lighting, fans, motors, etc.
	Duty cycling
	Motion sensors control lights
Fa	uipment
₽ 4 □	Maintain equipment
	Standardize vehicle purchases to limit parts overhead cost, fuel cost and training costs.
	Standardize hardware platforms, switches, networking equipment.
	Standardize purchase of HVAC and lighting equipment
	Perform as many maintenance and repair duties as possible with in-house personnel.
	Establish repair limits for equipment (percentage of replacement cost)
	Cooperative use of equipment by departments-photography, darkroom
	Utilize life cycle costing for capital purchases
	Labor saving office equipment-folders, stuffers, money counting, etc.

Facilities

Maintain equipment and facilities
Standardize vehicle purchases to limit parts overhead cost, fuel cost and training costs.
Standardize hardware platforms, switches, networking equipment.
Standardize purchase of HVAC and lighting equipment
Perform as many maintenance and repair duties as possible with in-house personnel.
Analyze facility utilization
Preventative maintenance program, computerized
Work order request system, full implementation of job costing
Lease property for central administrative staff
Lease excess space in schools to social service agencies 5
Discontinue lease of unnecessary warehouse space
Evaluate retaining ownership of excess property
Renting unneeded schools to compatible uses
Joint occupancy of schools and evening/weekend community use
Sell unneeded schools/property
Long-range master plan for district facilities
Accurate enrollment projections, by building, by program
Design buildings with efficient ratio of gross to net square footage
Voluntary land development contributions
Upzone school property for future resale
Sell air rights above schools
Maintain educational specifications to guide all improvements
Architect selection based on design efficiency
Time bidding for best seasonal pricing-construction
Design buildings for modular building components construction
Fast track construction to minimize overhead
Life cycle costing of building fixtures, finishes
Sell district vehicles, including maintenance van, reimburse mileage
Establish cleaning/maintenance standards
Reassign non-maintenance duties from maintenance staff to others
Invest in labor saving maintenance/custodial tools
Train district staff to service HVAC equipment
Cellular tower rental on building properties
Run split sessions if temporary bubble in enrollments
Hire furniture specification services rather than architect's % fee
Review facilities costs with PASBO Facilities Benchmarking Study
Recycle to reduce waste disposal costs
Maximize school construction reimbursement
Waive building permit fees for school construction
Issue keys to minimal number of staff, recall at end of year
District staff rather than contractors for painting
Automated preventative maintenance
Train maintenance staff to service HVAC equipment
Maintenance manual specifying maintenance procedures for each building

	Compare painting costs of contracted services vs. district employees
	Decentralized dispatching of maintenance and technology staff
	Share maintenance equipment-scrubbers, vacuums, etc.
	Match real estate holdings with projected enrollments
	Sell unnecessary district property to private, taxpaying uses
	Develop a comprehensive facilities master plan
Fi	nance
	Utilize procurement cards
	Ensure all vendor payments are net of sales tax
	Ensure all vendor payments are made timely to avoid late payment charges
	Daily deposit of cash receipts in all funds
	Payment discounts
	Consolidate checking accounts to maximize investment earnings
	Establish fiscal impact analysis procedures for all proposed programs
	Evaluate leasing of computers and technology equipment 6
Fο	od Service
	Balance the Food Service budget, make a profit.
	Use commodity foods (call NYS Office of General Services, ask for Sue Joslyn or Anne Marie
	Hastings for leads on commodity foods) or look for emails from them.
	Cook from scratch.
	Don't use disposable serving items – use trays and wash
	Recycle unused foodstuffs into next day's offerings such as soups, stews.
	Push for submission of Free / Reduced lunch applications.
	Food Service Supervisor should have restaurant / kitchen experience in knowing how to use
	commodity foods in creative ways. Don't overstaff the kitchen and do cross-train employees.
	Be conservative with electric, gas usage, and if possible, take operating costs (garbage bags, cleaning
	supplies, utilities) out of Food Service Department budget and not out of local funds
	Put all vending machines in district under Food Services
	Add accessible vending machines for after-school events, students, adult ed use
	Turn electrical and gas equipment on only when needed and at different times (avoids power surge
	that is basis of daily energy consumption rate).
	Participate in the National School Lunch Program
	Universal feeding program-statistical sampling rather than parents completing
	Contract food service
	Centralize food preparation in a central kitchen
	Warehouse USDA commodities
	Increase lunch prices
	Require competitive bidding of all food supplies
	Combine food service and home economics bids for food
	Maximize food service contribution to overhead expenses
	Promote Free and Reduced Lunch applications
	COST CONTROL FOR SCHOOL FOODSERVICES Third Edition, By Dorothy
	Pannell-Martin, TEAM Associates, Inc http://scn.ky.gov/costcontrol/costcontrol.PDF

Ins	struction
	Do you need to buy textbooks - have teachers design lessons around web based material
	Do you need to buy workbooks – see if you can buy the master and only print (in house) the
	workbook sections that teachers say they use
	Share vocational education
	Interlibrary loan program
	Explore virtual courses
	Send more students to 3-1-3 (local college/junior college classes)
	Interschool loan of instructional resources
	Contract physical education
	Align pre-school, child care, mental/social services with district programs
	Share electronic courseware through consortium
	Early intervention programs to reduce costs over long term
	Film, media sharing between districts
	Drop classes within classifications
	Annual Share Fair of teacher supplies-spring cleaning and exchange
	Clustering early childhood into centers
	Eliminate on-the-road portion of drivers education
	Charter high school countywide for alternative education services now covered by out-of-
	district ES placements
In	towgovonmental Cooperation
	tergovernmental Cooperation Municipal government mows some lawns
	Coordinate youth services/programs
	Share warehousing services with local government
_	Share field mowing with local recreation department
	Library services
	Combine local and school libraries
Ш	Combine local and school notaties
Le	gal
	Appoint a local attorney as the School Attorney (simple contracts, residency issues, etc.)
	Legal specialists – school law, special education, bonding, taxation, etc.
	Train and use in-district administrator for student hearings
	Reduce settlements, legal issues due to special education noncompliance
	Monitor district solicitors assignments and renegotiate billing rate
	Revise compensation package for the solicitor
	Cost/benefit analysis methodology-legal settlements
3 . T	, e , je
Ne	egotiations
	Maximize the terms and conditions of your present and future bargaining units' contracts.
	Let the teachers and staffs know we are in a different environment.
	Stretch class sizes to allowable limits and beyond. Many contracts allow higher maximum class sizes when new students arrive over the summer or reductions in support services when class sizes decrease
	any time during the school year.

	Analyze employees' benefits for language that supports adjustments in health insurance (shop for
	providers) i.e.: increase co-pays and reimburse the employees only if required in the contract
	Limit benefits to full-time employees only.
	Negotiations need to be steered away from the Triborough Amendment. The days of automatic raises are gone; step increments are part of the raise or the whole raise.
	During consideration of reductions to staff a close eye needs to be kept on the revenue side of the
	budget. (i.e.: increasing class size may eliminate federal funds for reduced class size money; Universal PreK funds, etc.).
	Make sure all teachers are teaching maximum allowable number of classes as per contract. For secondary, that is usually six, with two planning or one planning and one duty - plus lunch - during a nine period day. For elementary, instructional duties should be assigned all day except for one planning and one lunch period. Watch out for "gaps" in schedules and make sure administrators frequently review and monitor teachers' close adherence to master schedules. During negotiations, lessen top step increases and/or salaries while making bottom steps more
	attractive in order to retain good employees.
Ωŧ	her
	Share services with other districts – Supervisory, Instructional, Transportation, vehicle maintenance,
	fuel station, bus inspections, 19-A documentation and dispatcher
	Athletics, Visual and Performing Arts
	Enforce warrantee repairs
	Performance measurement system, central support services
	Reduce contribution to municipal recreation commission, phase down
	Loaned executives
	Section 8 housing-spread throughout county, avoid concentration in urban area
	Increase education foundation activity
	Share staff expertise between districts
	Shared public relations services
	Offer surplus equipment to other schools within district/region
	Enforce warrantee repairs, requires procedure and good filing system
	Require car pooling when traveling on official business
	Employee suggestion award program
	Establish periodic program analysis procedures for all existing programs
	Explore partnerships
	Partnership-increased library services at decreased cost
	Merge school and community libraries
	Establish Instructional Technology Foundation
	Complaint management process
	Implement formal quality management system
	Implement internal audit program
	Implement corrective action process for entire district
	Alternatives to paper worksheets-blackboards, slates, laminated sheets
	Utilize PASBO Business Office Review Service
	Health clinics in schools-hospital supported, sliding scale fees, maximize
	insurance/Medicaid reimbursement
	Local hospitals provide in-kind services for pupil health services

	Corporate support of grant applications
	Hire grant writer
	Redesign student services/guidance program
	Increase deductible for property insurance 8
Pe	rsonnel Administration
	Look for opportunities to replace top step personnel with entry level, part-time replacements, or better
	yet, don't fill vacated positions.
	Brainstorm with administrators: How can positions be combined and the work still be accomplished? Can additional tasks be added to a current employee's duties instead of paying another person?
	Cross train employees to reduce / eliminate substitute and overtime costs
	Institute employee absences monitoring, investigation, control procedures
	Maintain current job descriptions
	Performance evaluation plans for administrative and support staff
	Balance workload of clerical staff
	Analyze seasonal workloads of clerical staff
	Analyze seasonal workloads of grounds keeping staff
	Merge similar clerical duties
	Eliminate unnecessary clerical tasks
	Update job descriptions
	Establish goals/objectives for each position
	Establish employee incentive programs
	Mandatory direct deposit, grandfather existing employees
	Increase computer automation of payroll process
	Perform payroll functions in-house
	I I I
Po	stage
	Reduce express mail
	Email attachments to reduce postage
	Use bulk rate whenever possible
	Redeem mistakes in metering for a credit up to 90%
	Reduce mailing of report cards, failure notices, newsletters, etc.
	Coordinate mailings in August
	Reduce incoming junk mail
	Post newsletter to website rather than mail
	Allow residents to choose between e-newsletter or USPS
	Tillow residents to choose between a newsletter of OSI S
Pr	inting
	See who in other (surrounding) school districts is running an offset press – contract for
	common items (envelopes, letterhead stationary, tickets, programs, etc.)
Re	evenue
	Use outside consultants to see that you maximize aid, services, revenues (SED, BOCES, QIII, private)
	Maximize your grant awarding possibilities apply for any and all you may qualify to receive.

	Time spent and money spent on a grant writer shared service can be very beneficial.
	Development office
	Medicaid reimbursement
	Food service retained earnings comparison, subsidy comparison
	Maximize eRate
	Exclusive beverage contracts
	Commercial sponsorships
	Community donation of services
	Reimbursement for extraordinary expenses in special education
	Community donation of funds
	IU Medicaid reimbursement distributed by eligibility proportion
	Tax lien recovery service (bundle/sell tax liens)
	Corporate funding/adoption of instruction programs
	Tax exempt properties due to county seat-seek some reimbursement
	Apply for liquid fuels tax refunds
	Large district contracts with small district to provide complete food service program
	Sell instructional services to nonpublic schools
	Market building use
	Market sports facilities for regional competitions
	Sell advertising at stadium
	Market professional center
	Sale of surplus equipment-board established prices
	Rent technology labs for training programs for local business
	Pursue endowment of selected programs
	Organize/run conferences on topics of district expertise 9
	Vending machine profits to General Fund
	Establish user fees for all extracurricular activities, scholarships for needy
	Building rental at market rates, offset all expenses
	Athletic fees
	AP test fees
	Instructional supplies-course fees, textbooks, supplies
	Increase lunch prices, students
	Increase lunch prices, adults
	Increase adult education fees
	Driver's education fees
	Collect lost, damaged or stolen book fees
	User Fees
	Sell mailing lists
	Sell advertising rights in publications
	Pay to play, with scholarships for needy
Sal	laries and Staffing
	Reduce overtime
	Reduce substitute teachers

Non-teaching duty coverage by non-instructional staff
Delegate duties to lowest skill level, analyze by process costing
Flexible job descriptions allow balancing of variable workloads
Performance compensation, administrative staff
Annual performance evaluations for support staff
Phase out administrative base salary increases with performance increases
All teachers hired at entry level salary
Teachers paid for extra teaching load, savings in benefits
Hire long-term substitutes
Revise contract-paying secondary teachers for class coverage
Establish limits on sabbaticals
Use stipends rather than hourly pay for certain duties
Use psychological interns
Overtime-implement strict approval criteria
Aides/assistants for non-teaching duties (hall, recordkeeping, lunchroom, etc.)
Staffing based on mid-year rather than first of year enrollment
Low enrollment classes offered every other semester/year
Combine fourth and fifth year foreign language classes
Differentiated staffing
Administrators serve as substitutes 3 days per year
Hiring permanent substitutes
Enrichment program of community speakers rather than substitutes
Combine grade levels to balance class size in small schools
Job sharing/partnership teaching
Retirees return as part-time teachers
Staffing ratios-instructional
Caseload analysis-specialists, psychiatrists, speech therapists, nurses, etc.
Reduce professional turnover
Review staff utilization
Set minimum class size cutoff
Utilize home/school liaisons for various services
Increase student/teacher ratio by one for all programs
Staff study halls with support personnel rather than teachers
Eliminate custodial coverage when a coach is present
Develop intern program
Increase teacher classroom assignments to 35 periods/wk 10
Realign attendance boundaries annually to balance class size
Perform time studies of non-instructional positions
Review custodial staffing ratios
Enrichment program of community speakers rather than substitutes
Unlimited sick leave reduces utilization by 20%

Special Education

Appoint cost conscious persons to the Committees
Control Special Education Costs
Reduce expensive out-of-district special education placements by creating in-district classes if the
students' IEPs permit that change.
Make sure that the total cost of operating the class will be less than sending the students out-of-
district.
Compare costs of providing itinerant support staff services (SLP, OT, PT, Psychologist, etc.) through BOCES to hiring locally.
Be sure to include your district's BOCES aid as part of the calculation.
Transfer operation of special education classes from IU to district
Avoid out-of-district placements for special education
IEP software
Strengthen IST process
Improve paperwork for special education
Focus on prevention/support at elementary level
Closer monitoring of high cost IEP provisions-transportation, bus assistants
Software that tracks compliance and facilitates paperwork
Monitor out-of-district placements, set performance standards
Identify common high cost exceptionalities, offer joint service rather than high
cost out-of-district placements
monitor the residence of special education parents – in/out of district
Financial analysis of benefits of early intervention

Tax Collection

Collect taxes with district staff

Match district census with earned income tax data

Reduce compensation rate for real estate tax collection

Eliminate 2% commission to employers for Earned Income Tax

Automated lock box for tax collections

Assessment appeals-cost benefit analysis, decision making methods

TIFs, LERTA-approval methodology

Public advocate on assessment appeals

Technology

Technology support by interns, student teams

Centralized administration, deployment of software and network

Data dictionary

Application Service Provider (ASP)

Computer files sharing

Computer hardware standards to reduce maintenance cost

Computer software standards to reduce maintenance cost

Fully automate the attendance and truancy processes

Use wireless computer system instead of modem connections

Shared administrative computing

Score standardized tests through district technology rather than vendor

Purchase integrated software to avoid duplication of databases

Install computer network cables with district staff

Computer system disaster recovery plan

Use thin client computers

Reduce incoming junk email (spam)

Automated dialer for parent notification, integrated with student software

Automated attendant

Reduce duplicate communication methods-desk phone, cell phone, pager, voicemail,

2 way radio, walkie-talkie, email, etc. 11

Bid long distance telephone service

Bid cellular telephone service

Reduce personal long distance calls

Evaluate the necessity of some telephones

Restrict outgoing calls on select phones

Voice Over IP

Textbooks

Textbook inventory system to track distribution and collect lost book fees

Adopt new textbooks less frequently

Do you need to buy textbooks - have teachers design lessons around web based material?

Do you need to buy workbooks – see if you can buy the master and only print (in house) the workbook sections that teacher's say they use?

Training

Online professional development

Cross-train business office personnel

Develop an in-house training program for all staff

Establish a training program for school board members

Policy manuals for finance, facilities, personnel, purchasing, transportation

Provide comprehensive training for non-instructional staff

Transportation

Contract with fuel vendors to dump excess fuel (excess/partial loads) for discounted cost

Coordinate nonpublic transportation with neighboring districts

Purchase tax exempt fuel for contractors to reduce contract

Coordinate school calendars with other districts

Small districts – cut property fuel storage to less than 1,000 gallons to reduce DEC

Bus drivers reclassified from full-to part-time employees

Bus routing optimization by computer program

Increase reimbursement by DOT declaration of hazardous bus routes

Utilize public transportation to transport high school students

Bid transportation contracts

Utilize three tier system for transporting high school, middle school and elementary school

Negotiate lower special education transportation rates through BOCES

Compare transportation costs with maximum allowable cost

Consolidate transportation contracts through bidding

Use district rather than coach busses for away sporting events

Revise bus schedules to accommodate school breakfast program

Use best available mapping and addressing data for computerized bus routing

Restructure bus routes to maximize efficiency and minimize costs

Bid special education transportation, route by route

Coordinate special education transportation with regular

Widen transportation windows

Increase distance for transportation eligibility

Reduce afternoon high school runs based on fewer students than morning runs

Optimize bus routes through annual rerun of computer model

Rebid transportation contracts periodically

Transportation contracts paid at state formula

Establish policy limiting changes to bus schedules

Use parent volunteers and bus drivers instead of bus monitors

Coordinate non-public transportation with other districts

Eliminate non-public when their calendar conflicts with districts

Eliminate activity runs

Analyze district vs. contracted operated costs on route by route basis

Bus replacement provision based on mileage, not age 12

Travel

Coordinate conference attendance Online meetings Reduce travel, conference attendance

Vandalism

Improve recordkeeping, analyze to identify patterns and develop solutions Mobilize residents near schools for school watch Anti-vandalism incentive to reward schools Etch identification number into all movable equipment Paint movable equipment a distinguishable color Electronic surveillance of frequently vandalized areas

Volunteers

Use student support/parent involvement coordinator Encourage community volunteers Foster grandparents supplement special education Volunteer coordination to match district needs with skills Retirees as volunteers

State College Area School District http://www.scasd.org/Page/585
